- a. jump with it
- b. take it for a walk
- c. have it as a pet

2. What can fish look like?

- a. worms and cows
- b. rocks and worms
- c. cats and dogs

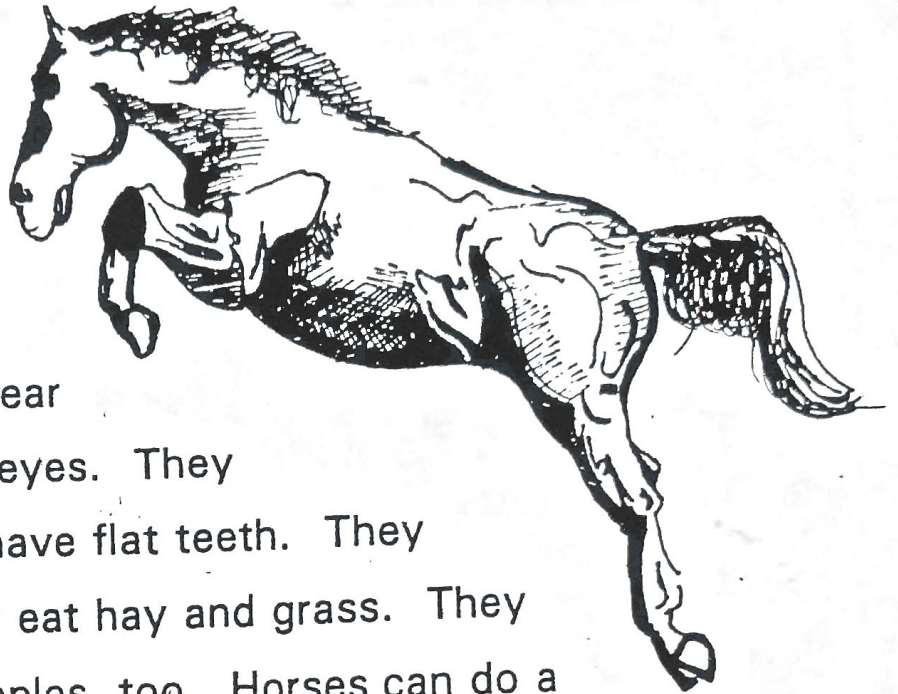

4. What can fish do?

- a. sing and jump
- b. breath and swim
- c. read a book

5. What do you do to fish before you eat them?

Name _____

HORSES

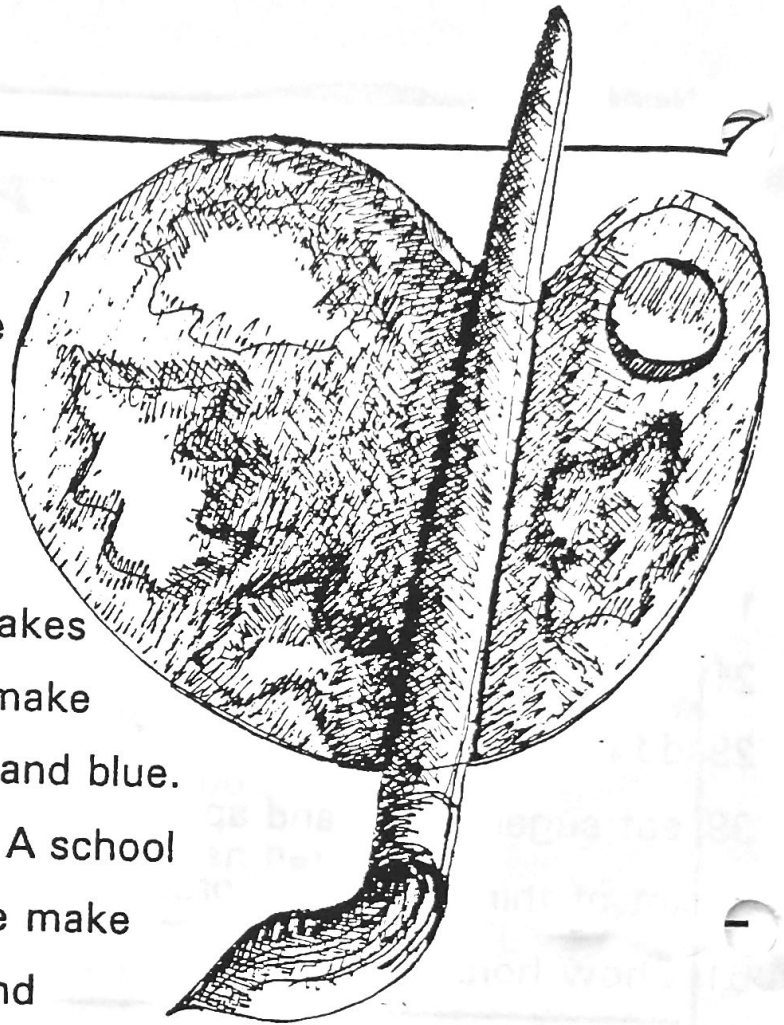

Horses are big
3 animals. They have
6 long legs. Horses have
10 short ears. They can hear
15 well. Horses have big eyes. They
21 can see well. Horses have flat teeth. They
29 do not eat meat. They eat hay and grass. They
39 eat sugar cubes and apples, too. Horses can do a
49 lot of things. Work horses pull big loads. Race horses run fast.
61 Show horses look pretty. Horses are fun to ride.

70

1. What do horses eat?
 - a. meat
 - b. hay
 - c. teeth
2. What is one thing that is short on a horse?
 - a. ears
 - b. legs
 - c. tail
3. What do work horses pull?
 - a. apples
 - b. loads
 - c. sugar
4. What kind of horses look pretty?
 - a. work horses
 - b. race horses
 - c. show horses
5. Why do you think horses run so fast?

Name _____

COLORS

Colors are pretty. They are
5 fun to see. They make things
11 look good. Red makes apples
16 look good to eat. Blue makes
22 the sky look pretty. Yellow makes
28 the sun look bright. You can make
35 all the colors from red, yellow and blue.
43 Red and yellow make orange. A school
50 bus is orange. Yellow and blue make
57 green. Grass is green. Blue and
63 red make purple. Flowers can be purple. Colors make the rainbow.

- 74
1. What color is the sun?
 - a. red
 - b. blue
 - c. yellow
 2. What do red and yellow make?
 - a. blue
 - b. orange
 - c. green
 3. Which one is a color?
 - a. grass
 - b. purple
 - c. apple
 4. What do blue and red make?
 - a. yellow
 - b. purple
 - c. green
 5. What colors are in the rainbow?
